¹ The Current Population Survey Annual Social and Economic Supplement (CPS ASEC) sample includes civilian adult (at least 15 years old). This means that while the sample does include some members of the Armed Forces (for example, those living in military barracks).

² With respect to race, a respondent can be White, Black, Asian, American Indian and Alaskan Native (A respondent's ethnicity can be Hispanic or non-Hispanic, regardless of race. The specified category for all alone category plus all remaining single races and all race combinations (including Black or African American) is included in the table total.

Estimates may not sum to totals due to rounding.

One-year geographic mobility and migration estimates from the Current Population Survey Annual Social and Economic Supplement (CPS ASEC) are for persons who are currently living in the United States (50 states and the District of Columbia), are noninstitutionalized (at least 15 years old). One-year geographic mobility is measured as living in a different residence exactly one year ago or counted as movers from abroad. Information on confidentiality protection, sampling error, nonsampling error, and documentation is available at <https://www.census.gov/data/tables/2023/cps/asec/asec.html>.

Information about methods to calculate measures of statistical uncertainty for 2023 Current Population Survey Annual Social and Economic Supplement (CPS ASEC) is found in Attachment H of the Technical Documentation available at <https://www.census.gov/data/tables/2023/cps/asec/asec.html>.
